CORRECTION:

This incident was originally reported to our agency as happening at DTE (Detroit Tool Engineering). This incident occurred at DTMP (Detroit Tool Metal Products), which is located on the same property as DTE. We apologize for any confusion this may have caused.

On Tuesday March 26, 2024, at approximately 10:30 am emergency services were called to the DTE (Detroit Tool Engineering) facility located on Bethel Rd in Lebanon Missouri for a medical emergency. It was reported that an employee had been found on the floor with a large coil of metal on top of them.

Lebanon Fire, Lebanon Police, and Mercy Ambulance responded to the scene. The employee was pronounced deceased at the scene by Laclede County Coroner Steve Murrell. OSHA (Occupational Safety and Health Administration) was contacted and will be investigating. DTE officials are working with OSHA and the Lebanon Police Department to determine the cause of this incident.

The name of the employee is being withheld at this time until all the family has been notified.
